

Booze Brothers Brewing Co. bought a microbrew kit and quickly picked up the art of homebrewing. Soon their set up took up their whole garage and became a true underground experience. Booze Bros maintains the spirit of a place for all types of people who should have at least one thing in common: a love for good beer.

Four (6oz) Beer Tasters are included with your meal. A full bar is also available for purchases, including rotating local brews and craft beer flights.
